

CSE 232 Systems Programming

2023 Fall

Labwork 6

Due date: End of Lab Hour

Purpose of This Labwork:

The purpose of this labwork is to practice on shell scripts with If, Loop, Arithmetic Expressions.

Write a shell script that will take two arguments and print the largest one to the screen. If they are equal, You should print "They are equal".

Your shell script will count and print the cubes of integers in the range 0-10. Use a for loop to print the cubes of the numbers 0 to 5. To print the rest (6 to 10) use a while loop.
